**NOTICE INVITING STATEMENTS OF QUALIFICATIONS**  
**FOR BIDDING SUBCONTRACTORS FOR ELEVATORS**

**Public Contract Code §20146**

**I. PREQUALIFICATION PROCESS**

**Introduction:** The County of San Mateo (“Owner” or “County”) invites “Request for Statements of Qualifications” (“RFSOQ”) submittals from highly qualified bidding trade subcontractors (“Proposers”) interested in contracting with Truebeck Construction, the project’s Construction Manager at-Risk (“CMR”) to provide preconstruction and construction services for the County’s new County Office Building 3 (“COB-3) and Parking Structure in Redwood City California (“Project”)

**Selection Process:** The prequalification will be a one-step process. The County of San Mateo and Truebeck Construction have determined that specialty trade subcontractors who plan to participate in the competitive bidding selection process for Bid Packages for this Project must be prequalified in order to participate in the bidding selection process.

Prequalification requires an accurate completion and submission of a written Statement of Qualification questionnaire response by all interested trade subcontractors. These responses will be evaluated by the County of San Mateo and Truebeck Construction and will establish a trade subcontractor’s prequalification status for bidding. Prequalification documents consisting of this **REQUEST FOR STATEMENTS OF QUALIFICATIONS** together with the **PREQUALIFICATION QUESTIONNAIRE** will be available to intending bidders beginning **on August 3<sup>rd</sup>, 2018** at <https://www.smcpdu.org>.

Any questions or requests for clarifications or interpretation of the Prequalification Documents must be submitted in writing via email to Catherine Chan, Project Manager, Project Development Unit @ [cchan3@smcgov.org](mailto:cchan3@smcgov.org) and Sam Lin, Manager, Project Development Unit @ [slin@smcgov.org](mailto:slin@smcgov.org) by **5 pm, August 20, 2018**. Questions received after the above-noted deadline may be answered at the discretion of CMR and the County of San Mateo.

Revisions and question responses will be posted at <https://www.smcpdu.org> on **August 21, 2018**. Prospective bidders will be responsible to check the website above on date indicated to download any addendum/addenda.

**Notice Inviting Statements of Qualifications:** Proposer must **submit one printed (1) original, signed RFSOQ submittal, together with one (1) additional bound copy** to be delivered in a sealed package labeled on the cover “*RFSOQ Submittal for Elevator Bidding Subcontractors for the new COB-3 and Parking Structure Projects*” with trade subcontractor’s name and address **no later than 2:30 pm on August 23, 2018** to:

Sam Lin, Manager  
San Mateo County Project Development Unit  
1402 Maple Street, Redwood City, CA 94063  
Email: [slin@smcgov.org](mailto:slin@smcgov.org)

Proposer is also required to **upload an electronic soft copy in PDF of the above same submittal** with filename “*SMC Elevator RFSOQ [Your Firm Name]*” to <https://dbinbox.com/SMCPDU>

**RFSOQ submittals (both printed and electronic versions) received late will not be opened or given any consideration for the proposed services.** Late submittal(s) will be returned to Proposer(s) unopened. It is the responsibility of the Proposers to ensure that the RFSOQ submittals are received at the specified addresses by the specified deadline noted in this RFSOQ. All proposals will be date and time stamped upon receipt. The County will not be responsible for late or incomplete responses due to mistakes or delays of the Proposer or carrier used by the Proposer or weather delays. However, the County of San Mateo and CMR reserve the right to request, to receive, and to evaluate supplemental information after the above time and date at its sole discretion.

## **II. PROJECT NOTICE**

Truebeck Construction (“CMR”) intends to award elevator trade subcontracts by competitive bidding for the new **COB-3 and Parking Structure Projects** in Redwood City, California. Bidders must be prequalified in order to submit a bid proposal for the Project.

The County of San Mateo Project Development Unit (“PDU”) will be the office providing project management services for this Project.

**Prospective Bidders shall note that this Project has received budget approval. Truebeck Construction and the County of San Mateo reserve the right to stop the project and reject any and all Prequalification packages and/or proposed bid amounts.**

## **III. OVERALL DESCRIPTION OF WORK**

The Project comprises two (2) buildings of new construction, as described below:

1. The new **County Office Building 3 (COB-3)** is a 6-Level building, approximately 180,000 square feet. COB-3 is located across from the existing Hall of Justice on the east, bordered by Marshall Street and Middlefield Road in Redwood City, CA.
2. The new **Parking Structure** is a new 7-level parking structure to support the parking needs of the new County Office Building 3 and the other facilities in the County Government Center. The structure will be about 1,100 parking spaces, and is currently planned at the corner of Veterans Boulevard and Middlefield Road just north of the existing County Parking Garage (400 Middlefield Road) in Redwood City, CA

The estimated construction budget for the Elevator Scopes for the Project is approximately \$2,500,000 (Two Million, Five Hundred Thousand Dollars).

The scope includes preconstruction services to assist the Design Teams of the two new buildings with construction documents, specifically confirming elevator shaft and pit sizes, elevator speed, and elevator types. The scope includes construction of the same elevators.

For the Parking Structure, construction is expected to begin June 2018 and be complete by July 2020. For COB-3, construction is expected to begin August 2019 and be complete by March 2021.

The Authorities Having Jurisdiction (“AHJ”) includes, but are not limited to the State and City of Redwood City Fire Marshals, City of Redwood City, County of San Mateo Environmental Health Department, County of San Mateo Planning and Building Department (CoSM) and all other relevant agencies.

#### IV. GENERAL DESCRIPTION OF WORK

For the Parking Structure, the elevator scope is expected to be (2) MRL traction elevators that will share a dual shaft. The elevators are expected to stop at all levels.

For the COB-3, the elevator scope is expected to be (3) MRL traction passenger elevators (3,500 lb, 350 fpm) for public and staff use, (1) MRL traction passenger elevator (3,500 lb, 350 fpm) for dedicated staff use, and (1) MRL traction service elevator (5,000 lb, 350 fpm). Two of the three passenger elevators will share a dual shaft, two elevators will have a single shaft and the service elevator will have its own dedicated shaft. All elevators will be machine room less (MRL) types with regenerative drives. The elevators will serve all levels of the building.

## **PREVAILING WAGE LAWS:**

This Project is subject to the requirements of Section 1770 et seq. of the California Labor Code requiring the payment of prevailing wages, the training of apprentices and compliance with other applicable requirements. Subcontractors are required to register with the Department of Industrial Relations (DIR). The Project does not allow any contractor, subcontractor or sub-subcontractor that is on the list of debarred contractors. Prevailing wage rate information may also be obtained via the Internet at [www.dir.ca.gov](http://www.dir.ca.gov).

## **CERTIFIED PAYROLL REPORTING:**

As a condition to receiving progress payments, final payment and payment of retention on any and all project on which the payment of prevailing wages is required, all trade subcontractors agree to present to the County of San Mateo and CMR along with their request for payment all applicable and necessary certified payrolls and other required documents for the time period covering such payment request. The County of San Mateo shall withhold any portion of a payment, including the entire payment amount, until certified payroll forms and other required LCP documents are properly submitted. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., or wage violations are identified by CMR and/or the County of San Mateo, CMR and/or the County of San Mateo may continue to hold sufficient funds to cover estimated wages and penalties under the contract.

Information disclosed to Owner and all items in opened submissions are the property of Owner unless Proposer makes specific reference to data that is considered proprietary. Subject to the requirements in the Public Records Act, reasonable efforts will be made to prevent the disclosure of information except on a need-to-know basis during the evaluation process.

### **SELECTION PROCEDURES**

Upon completion of the RFSOQ Process, with the completed 100 % Schematic Design Documents, the prequalified trade subcontractors shall submit lump sum pricing for specific portions of the scope of work. The lowest responsive bid submitted from prequalified trade subcontractors for each trade package shall be awarded the Work. Per Public Contracting laws, each trade subcontractor shall bid the full scope of work for each trade package and shall not attach any clarifications, exceptions or exclusions to their bid proposals. Only proposals submitted on the official project bid form for each specific trade package, filled out completely and signed by an authorized representative of the bidder, will be accepted.

## **CONTRACT PROCEDURES**

PDU will submit to the County of San Mateo Board of Supervisor for approval of the lump sum contract with the lowest responsive bidder for authorization of the work. Once approved by the Board, PDU will make the assignment and novation of the trade subcontractor to Truebeck Construction.

All trade subcontractors on the Project will also be required to sign the Truebeck Construction Master Subcontract Agreement. A copy of the proposed Master Subcontract Agreement with Truebeck Construction can be provided upon request.
