Councilmembers Laura Caplan, Beatriz Cerrillo, Linda Lopez, Everardo Rodriguez, and Esperanza Vasquez voted to approve the minutes.

**Recommendation regarding proposed parking regulation modifications at 2384 Bay Road and 354 First Avenue**

Joe Lococo, Public Works, provided the following summary:

The San Mateo County Department of Public Works has received two separate parking modification requests and are recommending approval of both. The requested parking modifications were: a 13 linear foot No Parking Zone at 2384 Bay Road and a 16 linear foot Compact Parking Zone at 354 First Avenue. Notification about the projects were sent out to the surrounding area and Public Works has not receive any opposition with regards to the project.

Chair Linda Lopez asked if the Council could be given criteria to better evaluate future Public Works projects. Joe Lococo stated that he will create a criteria and Irving, Office of Supervisor Slocum will review the criteria before sending it to the Council.

Councilmember Everardo Rodriguez wanted to confirm is the proposed items are in a commercial and residential area. Joe Lococo mentioned that they were.

Councilmember Esperanza Vasquez asked if the surrounding neighborhood residents were notified of the items that are being considered. Joe Lococo said that the surrounding neighborhood was notified.

Councilmember Everardo Rodriguez made a motion to approve the proposed parking regulation modifications at 2384 Bay Road and 354 First Avenue. Councilmember Beatriz Cerrillo seconded the motion.

Councilmembers Laura Caplan, Beatriz Cerrillo, Linda Lopez, Everardo Rodriguez, and Esperanza Vasquez voted to approve the minutes.
Juan Salazar, Associate Manager of Public Policy, of Facebook introduced Joe Howard of H.T. Harvey and Associates who presented the following summary:

- Facebook will be presenting the project proposal to the Samtrans Board of Directors on December 3rd.
- The trail would start from Middlefield Road and extend all the way to the end of Willow and University Avenues in Menlo Park and East Palo Alto.
- The project proposal was designed to be compatible with future rail service if the Dumbarton spur were built. If approved, the first phase of construction would begin in 2018.
- Joe extolled the Dumbarton Rail Corridor Trail benefits including: the promotion of healthy lifestyle activities as well as the creation of safe trails to schools and area employers.
- The Dumbarton Trail would create a connection to Caltrain for pedestrian and cyclist commuters.
- The Dumbarton Trail would complement an existing network of trails and improve access to San Francisco Bay recreational destinations.
- The Dumbarton Trail would create safe street crossings, connect communities, and provide passage over the major physical barriers for pedestrians and bicyclists.

Joan, H.T. Harvey and Associates, stated the next step is to seek approval by the Caltrain Board of Directors. If approved, Facebook will conduct broader outreach and set up community meetings.

Chair Linda Lopez asked about the timeline. Joe Howard mentioned that outreach will be conducted in 2016 and construction phasing beginning in 2018, presuming approval by the Caltrain Board of Directors and support from the community is received.

Councilmember Laura Caplan asked if they are looking to move the railroad tracks. They are not looking to move the tracks, the project proposal places the trail on the bay side of the railroad tracks.

Councilmember Everardo Rodriguez asked if the meeting with Samtrans on December 3rd is open to the public. Joe stated that the meeting is open to the public.

Lauren Swezey, Facebook, stated that they are look into grant opportunities to support the project.

Councilmember Laura Caplan asked if Facebook is involved in any of the Dumbarton Rail discussions. Juan Salazar stated that Facebook had attended a couple of meetings. Facebook will be conducting a study
Chair Linda Lopez asked that H.T. Harvey and Associates report back to the Council at a future meeting and provide an update on the status of the project and the future outreach plan.
